

# DESIGN INTERFACE FORMULIR LAPORAN OPERASI DI RSUD KOTA YOGYAKARTA

Hanung Banar Prasetyo<sup>1</sup>, Imaniar Sevtyani<sup>2</sup>, Kori Puspita Ningsih<sup>3</sup>

## INTISARI

**Latar belakang :** Berdasarkan Surat Keputusan Direktur No 445/3.1/KPTS/I/2019 mengatur formulir rekam medis dan isi spesifik rekam medis formulir laporan operasi sebagai acuan dalam pembuatan formulir laporan operasi. Formulir laporan operasi berguna untuk melaporkan kondisi pasien sebelum, selama, dan setelah mendapat tindakan/ operasi.

**Tujuan :** Merancang *design interface* formulir laporan operasi elektronik rawat inap di RSUD Kota Yogyakarta.

**Metode :** Metode yang digunakan dalam penelitian ini adalah prototipe.

**Hasil :** Memiliki hasil *design* formulir laporan operasi elektronik yang dapat dioperasikan *diprint* berformat pdf.

**Kesimpulan :** Menu yang perlu ditambahkan yaitu jumlah pendarahan, Penggunaan tab untuk memindahkan kursor menu secara otomatis, Tanda tangan bisa klik simpan dan *diprint* merupakan tantangan peneliti dalam menuntaskan formulir elektronik ini.

**Kata kunci :** *Desain, antarmuka, formulir, laporan, operasi, elektronik.*

# DESIGN INTERFACE OF OPERATION REPORT FORMAT YOGYAKARTA CITY HOSPITAL

Hanung Banar Prasetyo<sup>1</sup>, Imaniar Sevtyani<sup>2</sup>, Kori Puspita Ningsih<sup>3</sup>

## ABSTRACT

**Background** : Based on the Director's Decree No. 445/3.1/KPTS/I/2019, it regulates the medical record form and the specific contents of the medical record in the operation report form as a reference in making the operation report form. The operation report form is useful for reporting the patient's condition before, during, and after getting an action/surgery.

**Purpose** : Designing the design interface of the inpatient electronic operation report form at the Yogyakarta City Hospital.

**Method** : The method used in this research is a prototype.

**Result** : Have the results of the design of an electronic operation report form that can be operated in pdf format.

**Conclusion** : The menus that need to be added are the number of bleeding, The use of tabs to move the menu crutch automatically, Signatures can click save and print is a challenge for researchers in completing this electronic form.

**Keyword** : *Design, interface, form, report, operation, electronics.*
