

# IDENTIFIKASI KELENGKAPAN PENGISIAN *RESUME* MEDIS RAWAT INAP DI RUMAH SAKIT PKU MUHAMMADIYAH NANGGULAN

Alya Lihayati Azzahra<sup>1</sup>, Suryo Nugroho Markus<sup>2</sup>, Kori Puspita Sari<sup>3</sup>

## INTISARI

**Latar belakang :** *Resume* Medis merupakan media komunikasi antara pemberi layanan kesehatan di rumah sakit dengan pemberi layanan kesehatan lanjutan supaya kontinuitas perawatan pasien berjalan dengan semestinya. Kelengkapan *resume* medis akan berdampak dalam hal kontinuitas pelayanan medis dan akan berdampak pada mutu pelayanan rekam medis karena *resume* dapat memberikan informasi terinci tentang apa yang sudah terjadi selama pasien dirawat di rumah sakit. Penelitian ini bertujuan untuk mengetahui kelengkapan pengisian *resume* medis pasien rawat inap di rumah sakit PKU Muhammadiyah Nanggulan.

**Tujuan :** Mengetahui kelengkapan pengisian *resume* medis pasien rawat inap di rumah sakit PKU Muhammadiyah Nanggulan

**Metode:** Jenis penelitian yang digunakan adalah penelitian deskriptif kualitatif yang bertujuan untuk mengidentifikasi kelengkapan *resume* medis rawat inap di rumah sakit PKU Muhammadiyah Nanggulan.

**Hasil Penelitian :** Kelengkapan pengisian identifikasi *resume* medis rawat inap semua komponen, lengkap sebanyak 70 *resume* medis dengan persentase 93% . Kelengkapan laporan yang penting yaitu lengkap sebesar 73 *resume* medis dengan persentase 97,3%. Kelengkapan autentifikasi yaitu lengkap sebesar 70 *resume* medis dengan persentase 93%. Kelengkapan pendokumentasian yang benar yaitu lengkap sebesar 70 *resume* medis dengan persentase 93%.

**Kesimpulan:** Dari keempat aspek gambaran kelengkapan, diperoleh bahwa angka persentase kelengkapan pengisian *resume* medis rawat inap lebih tinggi dibandingkan dengan angka persentase ketidaklengkapan. kelengkapan pengisian *resume* medis rawat inap sudah baik, namun ada beberapa komponen yang tidak lengkap dan tidak mencapai standar, yang mengakibatkan kelengkapan pengisian *resume* medis rawat inap di Rumah Sakit PKU Muhammadiyah Nanggulan belum memenuhi standar pelayanan minimal dengan standar 100%.

**Kata Kunci:** *Resume* Medis, Kelengkapan.

# IDENTIFICATION OF COMPLETENESS OF FILLING IN INPATIENT MEDICAL RESUME AT PKU MUHAMMADIYAH NANGGULAN HOSPITAL

Alya Lihayati Azzahra<sup>1</sup>, Suryo Nugroho Markus<sup>2</sup>, Kori Puspita Sari<sup>3</sup>

## ABSTRACT

**Background:** Medical Resume is a communication medium between health care providers in hospitals and advanced health care providers so that the continuity of patient care runs properly. The completeness of the medical resume will have an impact on the continuity of medical services and will have an impact on the quality of medical record services because the resume can provide detailed information about what has happened while the patient was hospitalized. This study aims to determine the completeness of filling out the medical resume of inpatients at PKU Muhammadiyah Nanggulan Hospital.

**Objective:** Knowing the completeness of filling out the medical resume of inpatients at the PKU Muhammadiyah Nanggulan Hospital

**Method:** The type of research used is qualitative descriptive research which aims to identify the completeness of inpatient medical resumes at PKU Muhammadiyah Nanggulan Hospital..

**Research Results:** Completeness of filling in the identification of inpatient medical resumes of all components, complete as many as 70 medical resumes with a percentage of 93%. Completeness of important reports is complete as many as 73 medical resumes with a percentage of 97.3%. Completeness of authentication is complete as many as 70 medical resumes with a percentage of 93%. Completeness of correct documentation is complete as many as 70 medical resumes with a percentage of 93%..

**Conclusion:** From the four aspects of the completeness description, it was obtained that the percentage of completeness of filling in the inpatient medical resume was higher than the percentage of incompleteness. The completeness of filling in the inpatient medical resume was good, but there were several components that were incomplete and did not meet the standard, which resulted in the completeness of filling in the inpatient medical resume at PKU Muhammadiyah Nanggulan Hospital not meeting the minimum service standard with a standard of 100%.

**Keywords:** Medical Resume, Completeness.
