INTISARI

Latar belakang : Seks pranikah adalah hubungan seks yang dilakukan oleh pria dan wanita yang belum terikat tali perkawinan. Meningkatnya seks pranikah ini seiring dengan meningkatnya pernikahan dini di bawah umur. Menurut data BPS DIY tahun 2015 jumlah kasus pernikahan dini di Kabupaten Bantul pada tahun 2014 mengalami peningkatan hampir tiga kali lipat dari tahun sebelumnya yaitu sebesar 156 kasus (7,28%) dan sebesar 56 kasus (5,74%) pada tahun 2013. Kemudian diperkuat dengan adanya data dari Kemenag Bantul tahun 2015 Kecamatan Dlingo mempunyai kasus paling banyak dibandingkan Kecamatan lainnya. Sedangkan menurut data dari KUA Dlingo tahun 2015 terdapat 9 kasus pernikahan dini. Hasil studi pendahuluan yang dilakukan di Dusun Tegal Lawas Desa Jatimulyo Kecamatan Dlingo Kabupaten Bantul diperoleh informasi bahwa terjadi kasus pernikahan dini sebanyak 2 kasus.

Tujuan : Mengetahui sikap remaja terhadap seks pranikah di Dusun Tegal Lawas Desa Jatimulyo Kecamatan Dlingo Kabupaten Bantul.

Metode : Penelitian ini menggunakan metode *deskriptif kuantitatif*. Pengambilan sampel dalam penelitian ini secara *non probability sampling* dengan metode *total sampling*. Besar sampel 40 remaja.

Hasil : Sikap remaja terhadap seks pranikah di Dusun Tegal Lawas Desa Jatimulyo Kecamatan Dlingo Kabupaten Bantul memiliki kategori yang sama yaitu positif sebanyak 20 responden dengan persentase 50,0% dan negatif sebanyak 20 responden dengan persentase 50,0%.

Kesimpulan : Disimpulkan bahwa sikap remaja terhadap seks pranikah memiliki kategori yang sama yaitu positif sebanyak 20 responden dengan persentase 50,0% dan negatif sebanyak 20 responden dengan persentase 50,0% di Dusun Tegal Lawas Desa Jatimulyo Kecamatan Dlingo Kabupaten Bantul.

The Description of Adolescents' Attitude on Premarital Sex in Tegal Lawas Hamlet, Jatimulyo Village, Dlingo Sub region, Bantul, Yogyakarta

Elmita Ade Utami¹, Budi Rahayu²

ABSTRACT

Background : Premarital sex is a sexual intercourse conducted by unmarried man and woman. The escalating rate of premarital sex follows the increasing rate of early marriage at early age. Data from Statistic Center Agency (BPS) of Special Province of Yogyakarta (2015) mentions that the number of early marriage in Bantul in 2014 grew almost 3 times as many as in the previous year with 156 cases (7,28%) and 56 cases (5,74%) in 2013. This description is also supported by data from Ministry of Religious Affairs of Bantul which confirms that Dlingo sub region had the highest rate in 2015 compared to other sub regions. In the meanwhile, data from Religious Affairs Office of Dlingo mentions that there were 9 early marriage cases. The result of preliminary study conducted in Tegal Lawas hamlet, Jatimulyo village, Dlingo sub region, Bantul region, identified 2 early marriage cases.

Objective : To investigate The Description of Adolescents' Attitude on Premarital Sex in Tegal Lawas Hamlet, Jatimulyo Village, Dlingo Sub region, Bantul, Yogyakarta.

Method : This study applied descriptive and quantitative method. Samples in this study were selected through non probability sampling technique with total sampling method. The number of samples was 40 adolescents.

Result : Adolescents' attitude on premarital sex in Tegal Lawas hamlet, Jatimulyo village, Dlingo sub region, Bantul region, had identical categories which were positive category as many as 20 respondents with percentage of 50,0% and negative category as many as 20 respondents with percentage of 50,0%.

Conclusion : Adolescents' attitude on premarital sex had identical category which were positive category as many as 20 respondents with percentage of 50,0% and negative category as many as 20 respondents with percentage of 50,0% in Tegal Lawas hamlet, Jatimulyo village, Dlingo sub region, Bantul region.

Keywords : Attitude, Adolescents, Premarital Sex
